Washington, D.C. 20231

Dear Sir:

In accordance with a telephone discussion with Ex. Lele on May 25, 2004, the undersigned has made copies and attached to this Letter the Form 1449 IDS sheets that were previously submitted in this application as Ex. A and attached to the Information Disclosure Statement filed on December 10, 2002. A copy of the accompanying Statement and date stamped receipt (indicating filing on December 10, 2002) is also attached.

The Examiner's attention is directed to the fact that the three references cited in the original '281 patent are listed in the attached 1449 sheets. The citation of Patent No. 4,637,022 included a typographical error that was corrected by the IDS filed yesterday, December 24, 2004. The reference to Goldman et al. (4,562,572) is listed correctly but is improperly entered into the PTO data base for the references cited in the parent '281 patent as 4,562,872. It is believed that all informalities have now been corrected. Should the Examiner

believe that additional corrections are required, he is requested to contact the undersigned by e-mail or by phone as indicated below.

Respectfully submitted,

Charles M. Leedom, Jr.
